

Do you have Email or a Mobile Phone?

If you have not already given your email address and/or mobile telephone number to the GP Practice, please do so.

This will enable the Practice to contact you more efficiently and cost less than landline telephone calls or sending letters.

In addition, why not become a Virtual Member of the Warrens' Patient Participation Group and receive newsletters and other health related information from the PPG by email.

Email: ppg.wwgp@gmail.com to join up.
